Road Agent.

Moultonbrough, N. H., Feb. 15, 1900.

We, the undersigned Auditors for the year ending Feb. 15, 1900, certify that we have examined the accounts of the several road agents of said town for said year, and find them properly vouched and correctly cast.

JOSEPH G. ABBOTT,

LEWIS A. SIBLEY,

Auditors for Moultonborough.

REPORT OF THE SCHOOL BOARD.

In presenting to the town the official account of our Schools, the Board takes pleasure in reporting that a fair degree of success has attended the efforts of our Teachers the past year.

In two or more instances, however, teachers have neglected to administer a firm and decided discipline, the lack of which invariably results in failure. We also notice an instance where the teacher, for want of due preparation, manifested a very limited knowledge of the lesson she sought to teach, and the result of her effort tended to mystify rather than enlighten the minds of her pupils. This is all wrong. Every teacher should have a clear idea of the subject she presents to her class, that the lesson may be made interesting and profitable.

Our schools with three exceptions, have had twenty five weeks of sessions during the year. Two of the exceptions were due to an epidemic of measles; the other was "Neck Road" school, which closed five weeks before the end of the school year, the teacher, by reason of poor health, feeling unable to make improvement in discipline called for by the Committee, resigned her position.

TO TEACHERS.

There exists at the present time an urgent demand for good, reliable teachers to instruct in our common schools. No one, however, should choose this calling, who is lacking in physical health, moral character or mental capacity; and even among those who claim these qualities, there may be found those whom no amount of study or training, would make successful educators. Every teacher should seek to know the magnitude of the work that she is required to perform, and consider that to a great extent, she is responsible for the moral, as well as the mental training of her pupils, and that her example will exert a greater influence than her words.

TO PARENTS.

Do not some parents realize that they are delinquent in their duty to co-operate with the teacher, in the work of education?

Is it not right that they should share with her the anxieties and responsibilities in school work?

Parents can do much good by frequently visiting the school and speaking words of "good cheer." When a child sees that his teacher and his parents are of one mind, he seldom fails to manifest a regard for study and good order.

Your committee would suggest to parents, where it is possible, to drill their children in the multiplication table, as a foundation in arithmetic, and an aid to greater progress in schools

TEXT-BOOKS.

The series of Baldwin's Readers, recently placed in the schools, are greatly appreciated by the teachers and scholars, and it is very desirable that the subject of reading should receive more attention than has usually been bestowed upon it. During the next year, it is intended to change the series of Grammar, and we trust that other changes will be made as often as the best interests of the schools require.

Under the provisions of Laws of 1899, the town has received from the State the sum of \$297.48, which sum must be applied to the support of the schools.

This award does not relieve the town from the legal necessity of raising money for the support of schools, but it is intended to supplement the efforts of the town to advance the educational standard. We hope to use it the ensuing year in lengthening the school year, and securing a higher grade of teaching ability.

Owing to sickness among the scholars, it was impracticable to use any portion of the award during the year ended.

This money remains in the Town Treasury, subject to the order of the School Board, for school purposes.

JAMES R. CAVERLY,

LEWIS A. SIBLEY,

Superintending Committee.

Moultonborough, Feb. 15, 1900.

Roll of Perfect Attendance.
